

D-Grader for live fish

MMC First Process D-Grader for live fish separates fish efficiently into two sizes as well as removing scrap/cleaning fish.

Grader D10 / D14

The MMC First Process duo grader for live fish consists of two layers with rollers. The D-grader comes in two sizes, D10 and D14. The roller gaps, tilt and rotation are adjusted by electric control.

Options:

- Fish counter
- Hydraulic or manual control for rollers

Model	Dimensions L*W*H [mm]	Capacity fish [tons/h]	Gaps [pcs]	Gap size [mm]
D10	5600*3100*2200	100	8/12	5-120 / 5-55
D14	5600*3700*2200	150	12/16	5-110 / 5-55

MMC First Process has years of experience as a supplier of fish handling systems, that has both fish welfare and sustainability as its main focus. Transport and movement of fish in a gentle and humane fashion, ensures both enhanced fish welfare and high quality of the product that reaches the market.

The company has a wide range of products, ranging from specialized pumps, graders, water treatment systems, RSW systems, through to washing systems, packing lines and more.

*We truly are a **total** supplier for fish handling.*

- Easy tilt/gap adjustment
- Gentle fish handling
